100 marks

## Instructions to candidates

This paper carries 100 marks, as follows:

<b>Category A (Natural Forms)</b> or <b>Category B (Man-Made Forms)</b>	Observation	25 marks	Total 50 marks
	Interpretation	25 marks	

and

<b>Category C (The Human Form)</b>	Observation	25 marks	Total 50 marks
	Interpretation	25 marks	

Drawing sheets must not exceed A2 size. Use a separate sheet for each category – a total of two sheets.

Ensure that your examination number is clearly shown on both of your drawing sheets.

You are allowed to use any suitable medium, including pencil, pastel, crayon, pen and ink, paint, marker, or mixed media.

Do not use spray fixative on your artwork.

If you wish to use a coloured drawing sheet, it must be signed by your Superintendent before the examination begins to verify that it is blank.

The item chosen from either Category A or Category B must be clearly identified by its title on your drawing sheet.

The time allowed for Category C is 90 minutes, which includes all rest periods for the model.

When your drawing examination is completed, place the two sheets of drawing in your envelope along with your 2D project work.

Update the checklist on your envelope to show that your two drawings are included.

Your envelope must then be sealed in the presence of the Superintendent.

Your envelope must not be reopened.

Your 3D work must be placed on top of your sealed envelope.
