Code of Behaviour

Educational Philosophy

St. Munchin's College is a caring community, sharing the Christian ideal, endeavoring to create and sustain an environment through which each of our students can grow in all ways aesthetically, emotionally, intellectually, morally, physically, socially and spiritually.

Introduction

This policy applies to students of the school at the following times:

- During school time, including before and after class and at break-times
- While wearing the school uniform.
- While representing the school.
- While travelling to or from school using school transport.
- While on school trips, tours, exchanges or fieldtrips.
- While supporting school teams or activities.
- On any occasion when accompanied by school personnel

Rationale

The Code of Behaviour for St. Munchin's College is based on the school's educational philosophy and reflects the ethos and characteristic spirit of St. Munchin's College. The purpose of the Code of Behaviour is to facilitate a positive safe learning environment that will allow/promote the education, growth and personal development of all students. This Code provides a just and reasonable system to ensure responsible behaviour by students, staff and parents/guardians. Thus the principles that form the basis of our code of behaviour are:

- Creating a climate that encourages and reinforces good behaviour.
- Creating a positive and safe environment for teaching and learning.
- Encouraging students to take personal responsibility for their learning and their behaviour.
- Providing strategies to help students to manage/change unacceptable behaviour.
- Helping young people to mature into responsible participating citizens.
- Building positive relationships of mutual respect and mutual support among students, staff and parents.
- Ensuring that the school's high expectations for the behaviour of all the members of the school community are widely known and understood.
- To promote a sense of leadership among all students/staff.

In devising the Code of Behaviour consideration has been given to the particular needs, circumstances and aspirations of this school. The Board of Management of the school is responsible for ensuring that a fair and efficient Code of Behaviour is applied in the school. The implementation of the Code of Behaviour in a just way and the maintenance of good order is the responsibility of all members of the teaching staff. The Principal has particular responsibility to ensure that the implementation of sanctions and merits is fair, equitable and appropriate. Parents/Guardians are required to support the school in implementing the Code of Behaviour.

Acceptance of the Code of Behaviour by parents/guardians is a condition of enrolment of a student in the school.

Co-operation between parents/guardians and the school is enhanced by dialogue with the teacher, Class Tutor, Year Head, or with the Deputy Principal or Principal in cases involving serious misbehavior. Parents/ Guardians will be informed of decisions made by school management regarding serious misbehaviour. The whole school community, they being the Parents Council, the Teaching staff, the Student Council, the Board of Management and the Trustees have all been consulted in drawing up this code.

The Code of Behaviour is based on the two fundamental strategies of Respect and Responsibility.

Respect

Students are expected to show respect at all times to themselves, to their fellow students, the teaching and non-teaching staff in the school, to visitors in the school and to members of the local community. Respect for the property of others and the school environment is essential. In order to encourage and support this desired behaviour a Code of Courtesy has been compiled.

- Speak in a polite tone.
